

LUSEAUX®

BLAST

SOLID DETERGENT FOR DISH MACHINES

GENERAL DESCRIPTION: A concentrated solid dish machine detergent. This product's high alkalinity content provides a high pH. Contains water conditioners which reduce or eliminate the need for acid de-scaling of machine due to hard water. Removes film buildup on tableware and helps renew its appearance. Each jar can provide 2000 to 2500 cycles. The package is safe and easy to use and reduces valuable storage space. Blast is a long lasting, powerful detergent for safe, convenient and economical use with all soil loads and water conditions.

ADVANTAGES:

- Long lasting
- Provides a high pH
- Contains water conditioners reducing need for machine de-scaling
- Safe and easy to handle packaging
- Removes film buildup on tableware

PROPERTIES:

Color	White
Odor	Mild
Form	Solid
Solubility	Complete
Titer*	5 drops
pH-1% solution	Approx. 12 to 13

APPLICATION: Use material through proper dispenser only. Remove closure from container. Place container into dispenser open-end down. A qualified service representative should adjust dispenser according to water, soil conditions, and application. When container is empty, remove from dispenser and turn upright. Rinse container and use lid from new container to seal the used one. Container can then be turned into your local recycler.

CAUTION: Corrosive to skin, eyes, and mucous membranes resulting in severe burns. Harmful if swallowed; may even result in death. Keep out of reach of children.

PACKAGING: Case 2/10# jars

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.
