## SOLID LAUNDRY DETERGENT

**GENERAL DESCRIPTION:** BLUE SOLUTION is a concentrated, controlled sudsing, solid laundry detergent that is safe for all washable fabrics. Contains water conditioners, anti-redeposition agents, and optical brighteners. Convenient and easy to use package.

**ADVANTAGES:**

- Concentrated
- Controlled sudsing
- Contains water conditioners, anti-redeposition agents, and optical brighteners
- Safe for all washable fabrics
- Easy and safe to use package

**PROPERTIES:**

|                |                         |
|----------------|-------------------------|
| Color          | Blue                    |
| Odor           | Mild                    |
| Form           | Solid                   |
| Solubility     | Moderate                |
| pH-1% solution | Approx. 10              |
| Titer          | 2 to 3 drops (0.1N HCL) |

**APPLICATION:** Use material through proper dispenser serviced and adjusted by a qualified service company representative. Remove closure from container. Place container into dispenser open end down. When container is empty, remove from dispenser and turn upright. Rinse container and use lid from new container to seal the used one. The container can then be turned in to your local recycler.

**CAUTION:** Solutions of this material may be an eye irritant. Avoid contact. Repeated or prolonged contact with strong solutions may be irritating to the skin. Keep out of reach of children.

**PACKAGING:** Case 4/6 lb jars

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.
