

LUSEAUX®

EXTRA SOUR LAUNDRY SOUR

LAUNDRY ALKALI NEUTRALIZER

GENERAL DESCRIPTION: A blend of oxalic and phosphoric acids designed to control re-deposition of minerals. Also useful in fighting rust stains. The sour content neutralizes any remaining alkalinity in the fabric and brings down the pH of the linen to a level which is agreeable to human skin and therefore not irritating. To be used only with proper dispensing equipment.

ADVANTAGES:

- Neutralizes remaining alkalinity in fabrics
- Fights rusts stains
- Controls re-deposition of minerals

PROPERTIES:

Color	Clear
Odor	Faint acid odor
Form	Liquid
Solubility	Complete
pH-1% solution	2.0 to 3.0

APPLICATION: Use 5 to 10 ounces of **EXTRA SOUR LAUNDRY SOUR** for the first 100 pounds of clothes. Add approximately 5 ounces for each additional 100 pounds. Enough product should be used to achieve a pH of 5.5 to 6.5. This is a strongly acidic compound and must be used only with proper dispensing equipment. A qualified service representative should be utilized to ensure proper product levels are maintained.

CAUTION: Corrosive; will cause severe burns to eyes, skin, and mucous membranes. Avoid contact. Keep out of reach of children.

PACKAGING: 5-gal Pail

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.
