

LUSEAUX®

HS RINSE AID

RINSE ADDITIVE FOR WATER WITH HIGH SOLIDS

GENERAL DESCRIPTION: A high quality ready-to-use liquid rinse aid for use in both high and low temperature dishwashing machines where total dissolved solids are a problem in the water supply. HS RINSE AID will eliminate spots and streaks on glass and dinnerware under the most severe conditions. Best results are obtained in temperatures around 140 degrees and medium to soft water.

ADVANTAGES: Ready to use
Eliminates spots and streaks
Great results in water with high solids

PROPERTIES:

Color	Blue
Odor	Mild
Form	Liquid
Solubility	Complete
pH-1% solution	5.0 to 6.0

APPLICATION: For automatic injector units, insert injector siphon into container. Prime injector to deliver approximately 1 cc per gallon of water. Decrease or increase as conditions require. For immersion rinse tanks, use approximately 2 teaspoonfuls per 9 to 12 gallons of water. Decrease or increase as conditions require.

CAUTION: Eye and skin irritant. Avoid contact with eyes. Keep out of reach of children.

PACKAGING: Case 4/gal.
5-gal Pail

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.
