

LUSEAUX®

SUPER QT

SANITIZING TABLETS

GENERAL DESCRIPTION: An EPA approved, quaternary ammonium compound in convenient tablet form. Super QT Sanitizing Tablets is designed specifically for use in restaurants, dairies, and bars where sanitation of food contact surfaces is of prime importance. This product will sanitize tanks, counter tops, drinking glasses and eating utensils. No potable water rinse is required. Can be used in a sink or mop bucket or hand pump trigger sprayer. One tablet per gallon of water provides flexible dosage, which can accommodate any size sink. More economical – each cup of 500 tablets provides 500 gallons of sanitizing solution.

ADVANTAGES:

Quaternary ammonium sanitizer
Pre-measured and convenient to use
Flexible dosage can accommodate any sink size
Economical
EPA approved

PROPERTIES:

Color	White
Odor	Quat
Form	Tablet
Solubility	Complete
Quaternary ammonia	40%
pH-1% solution	6.9

APPLICATION: Remove all gross food particles and soil from areas which are to be sanitized with a good detergent, such as **LUSEAUX FB**. One tablet in 1 gallon of water yields 200 PPM quaternary ammonium. Immerse or treat for 60 seconds and allow to air dry. **No potable water rinse is required.** Refer to product label for more information.

CAUTION: Corrosive to eyes. May cause severe eye damage. Avoid contact. Undiluted material may irritate the skin. May be fatal if ingested. Keep out of reach of children.

PACKAGING:

Case 2/500 Tablets

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.
